

Trinity Preschool and Kindergarten is a non-profit preschool that is dedicated to providing children with a joyful, loving and stimulating environment. We recognize that each child is God's wonderful creation, and we encourage their growth in this knowledge while providing for their physical, emotional, social and spiritual development.

Trinity has been providing quality early education in Marin County since 1987. We have five bright, well-equipped Preschool and Transitional Kindergarten Classrooms. We provide low student to teacher ratio in all of our classes to provide more individual attention to our students. We also have one of the best playgrounds around! It is a tri-level play area that provides for more variety in play and exploration. Tucked away behind the classrooms you will find a shaded play structure, merry-go-round, bikes, two types of swings, sandbox, chalkboard wall, and more but it still has an amazing sense of openness.

At Trinity...

We know that children need to feel love and be loved. A Trinity child learns to be confident and sure of him/herself. They feel like they belong and are proud to say "this is my school!"

Children experience the Love of Learning through all of the many experiences we offer. The arts are critical to a child's development and, therefore, integral to our curriculum.

We value developing the whole child. We plan our school day so your child will have choices within structure, which encourages creative exploration and builds self-esteem.

We are not here just for the kids, but for the whole family! We want your time at Trinity to be something to be cherished so we offer many opportunities for all of our families to spend quality time together.

## Staff

Our staff is an outstanding group of people who love God and love children. Our teachers are highly trained, experienced professional who are dedicated to helping children grow emotionally, physically, mentally and spiritually. Every teacher meets or exceeds the state requirements for early childhood educators!

## Programs

Our well-balanced morning program is developed to meet the individual needs of children as they learn to relate to one another in social skills based upon a Christian value system. Children learn self-respect as well as respect for others. We work to develop the whole child by discovery in a stimulating and fun, yet professional and organized classroom. There is a balance of structure and choices for your child built into our curriculum on a daily basis. The school, with extended care, is open from 7:30am till 6:00pm.

## Extended Care

At Trinity we offer flexible extended care before and after school. We open at 7:30am daily so your child can get some play time in before school starts at 9:00am. Our afternoon extended care begins at noon. The first hour is lunch and playtime on the playground. Or for even more fun we have optional Special Classes on campus during this hour. These are classes you can sign your child up for to further enrich your child's preschool experience. We offer gymnastics, yoga, SoccerShots, dance, and karate at a minimal fee that is paid to the instructor. At 1:00 we have quiet storybook time for the children to relax their bodies while using their imaginations to enjoy the stories being read to them. We also offer a 2-hour quiet nap room for the kids who require sleep. Our goal for the rest of the day is to provide the right mix of stimulation and creative play. Our fun, child-engaging curriculum includes art, science, math, music, cooking and large muscle exercise.

## Bible Time

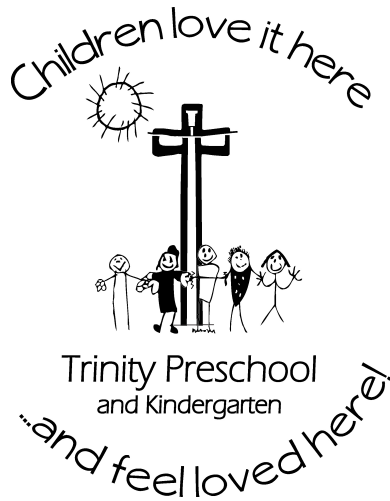

Trinity Preschool and Kindergarten is a mission of Trinity Lutheran Church. Through our weekly Chapel, Bible Stories and songs your child will learn that everyone is loved by God and therefore will learn to share that love with others through their kind words and actions. Your child will begin to develop a personal relationship with Jesus as they experience the safety, security and love of God.

## Camp Trinity

Camp Trinity is the place to be this summer!! We will start our morning together at Camp Opening to hear the Bible Story and theme for the day. There will be arts and crafts, face painting, sprinkler fun, circle times, playground fun, and more!

We have planned camp with you and your children in mind. You have the option to sign up for camp by the day or the week to allow more flexibility in your schedule. Our extended care that begins at 12:00pm is as flexible as always. You can choose the time you pick your child up on a daily basis to allow you to get your errands and appointments taken care of while your kids are having fun at camp. Whatever time they are here they will have an experience they'll never forget!

Your child is going to love it here - and feel loved here!
